

FIRE STATION TOURS

The Marlborough Fire Department offers tours of its Headquarters located at 215 Maple Street for the purpose of increasing fire safety awareness and as a means for residents to become familiar with the Department and services provided to the community.

Individuals and small families may stop by the station without prior notice and request a tour. Any available firefighter(s) will be happy to show you around.

Group tours are designed for approximately 15 or less and must have adequate adult supervision. You should expect to spend an average of 30 to 45 minutes with us depending on the age group and topics discussed.

Fire safety discussions and handout materials vary for different age groups. Interactive demonstrations may also be provided depending on the weather and current station activity.

As always, it must be understood that a tour may be suddenly terminated should the Department be called upon to respond to an emergency. This may cause a temporary delay of the tour or require rescheduling for another time.

Requests for tours should be made **at least two weeks in advance** by calling the business office at 508-624-6986 and provide us with the following information.

Person Requesting Tour _____

Address _____

Daytime Tel # _____

Evening Tel # _____

Approx # of Adults Attending _____

Approx # of Children Attending _____
